The Participant wishes to use the Services of Climex, including access to the Climex Trading Platform, for the purposes of entering into the Carbon Emission Rights Auctions. The Participant requests the Services by means of this Climex Participation Contract. The Agreement between Climex and the Participant will be concluded as soon as Climex signs the two copies of this Climex Auction Participation Contract. Climex will send one of the signed copies of the Climex Auction Participation Contract to the Participant.

The fee charged for the Services to the Participant is a Use-Related Fee; this is a percentage or part of the purchase price per tonne Carbon Emission Rights traded, as set out in the Climex Auction Process and Procedures Document and as visible on the website. The Use-Related Fee is payable immediately after the 60 working days period exclusively assigned for negotiating the ERPA after the Auction. In case the ERPA cannot be signed due to cancellation or default of one of the Participants (Seller or Buyer) the Use-Related Fee will be waived (or credited) to the other party by Climex.
